

MILLWOOD HOUSE DAY NURSERY FEE GUIDE MAY 2026

At Millwood House Day Nursery, our flexible session structure supports both children's development and family routines. Regular attendance helps children build confidence, friendships and strong early-learning foundations, which is why many families choose three to five days per week. Our fees reflect this flexibility and provide clear guidance on typical session rates and monthly costs. An overview is below, and you can explore personalised calculations using our simple fee calculator [here](#)

Session Times

- Morning Session - 8:00am – 1:00pm
- Afternoon Session - 1:00pm – 6:00pm
- Full Day - 8:00am – 6:00pm

Private Session Rates

- Half Day Session (Monday, Friday) - £52.50
- Half Day Sessions (Tuesday, Wednesday & Thursday) - £57.50
- Full Day (Monday-Friday) £105

Full-time places (5 days per week) receive a 10% discount.

All private session fees include meals, snacks, consumables and enrichment activities.

Example Monthly Fees (Non-Funded)

1 Full Day per week Approx - £446 per month

3 Full Days per week from - £1,338.75 per month

5 Full Days per week Approx - £2,097.38 per month (*includes full-time discount*)

Flexible combinations of half days and full days are available.

Government Funded Childcare

Eligible families may receive:

- Up to 11 hours per week
- Up to 22 hours per week

Funding can be combined with paid sessions to create a flexible weekly attendance pattern.

For funded sessions, meals, consumables and enrichment activities are charged separately via our enhanced package.

How Funding and Fees Work Together

Many families combine their government-funded hours with additional paid hours to create the routine that suits them best.

Example scenario:

A child attends 8 sessions per week (4 full days).

Weekly calculation:

8 sessions = 40 hours

Minus 22 funded hours

Plus weekly Enhanced Package

Total weekly cost: £267.60

How Monthly Fees Are Calculated

To provide consistency, Millwood House uses a standing order system, spreading annual fees evenly across 12 months.

Using the example above:

$£267.60 \times 51 \text{ weeks} \div 12 \text{ months} = £1,137.30 \text{ per month}$

This reflects a child attending 4 full days per week with 22 funded hours applied.

Ad Hoc Sessions

We recognise that families may occasionally need one-off sessions outside their regular schedule. These are offered subject to availability and charged at a slightly higher rate to reflect the flexibility and short-notice nature of ad hoc bookings:

Monday & Friday - Half Day Session – £55 | Full Day Session – £110

Tuesday to Thursday - Half Day Session – £60 | Full Day Session – £120

These rates apply exclusively to ad hoc bookings and do not form part of a regular weekly schedule.

All ad hoc sessions continue to include meals, snacks, consumables and enrichment activities, in line with our standard private session offering.

Discounts & Information

- 10% discount for full-time places
- Sibling discounts available
- Fees invoiced monthly in advance
