# OrnitoVit® PARAKEETS

**Vitamins  
and minerals  
for parakeets**

**60 g**

Dietary Supplement for parakeets, small and medium-sized parakeets (budgerigar, cockatiel, lovebird, mulga parrot, scarlet-chested parrot)

#### Properties

**OrnitoVit® PARAKEETS** is a soluble mixture for parakeets with a well selected set of vitamins, minerals and essential amino acids. **OrnitoVit® PARAKEETS** plays an important role in balancing the nutritional requirements of your birds, to improve overall condition, performance, aid fertility and support the immune system. The product is the key to impeccable plumage and better feather quality.

#### Directions for use

1 measure (0.7g) per 50 ml of water. It is applied dissolved in water and birds take it according to their needs. If applied with feed – 1 measure per one spoon of egg mix (amount for 10 adults Budgerigars). You can also give the measured amount when mixed with soft food.
