INTERNATIONAL

**ENGINEERED BALL BEARING SLIDES**  
- SOLUTIONS IN MOVEMENT

## TOPSLIDE AT A GLANCE:

- Founded in Denmark in 1995.
- Strong financial foundation.
- Production facilities in China.
- International supplier of premium ball bearing slides.
- Recognised for precision engineering, durability, and reliable high performance.
- Local offices and representatives across Europe ensure local support.

## QUALITY:

- ISO 9001 certified production.
- Implemented quality management system verified by an inspection report for each production batch before shipment.
- Regular factory audits assure that production meets strict standards for consistency, safety, and process control.
- Our goal: zero-defect production.
- Certification available on request.

## EUROPEAN R&D:

- Design + research and development based in Europe – strengthens ability to deliver precision-engineered ball bearing slides.
- Ensures fast adaptation to customer needs.

### ENGINEERING/DESIGN

Customer requirements are detailed in project sheets.

3D modelling software applies specific customer requirements into production-ready files, assuring precision and production excellence.

All customer solutions are reviewed and refined in close cooperation with our engineering team.

### PROTOTYPING

Prototyping assures functionality and performance tests before tool creation and the actual production run.

### TOOL CREATION

In-house tooling guarantees-controlled development, production, and ensures actual manufacturability early in the design phase.

### PILOT PRODUCTION

A small batch is produced to verify process stability, quality control, and repeatability.

### ACTUAL PRODUCTION

A robust production operating, stamping, modern roll forming, electroplating, assembly, and packaging machinery ensures optimal production.

**MANUFACTURING & SUPPLY CHAIN STABILITY**

Our production facilities in China dispatch weekly and distribute to Europe and Asia. We ensure reliable delivery and consistent product availability for our customers.

**INDUSTRY LEADING QUALITY STANDARDS**

Our products are tested to meet strict performance and safety requirements. We ensure dependable components that reduce failures, downtime, and warranty claims.

**BROAD PRODUCT PORTFOLIO**

From industrial applications to medical, automotive, aerospace, and commercial equipment, we offer a wide range of movement solutions.

**48-HOUR QUICK SHIP PROGRAM**

**TOPSLIDE International**<sup>®</sup> has over 500.000 slides in stock available for a 48-hour quick ship service.

**LONG-TERM PARTNERSHIP APPROACH**

**TOPSLIDE International**<sup>®</sup> focuses on building strong, lasting relationships. You get a partner who understands your business, supports your growth, and adapts to your evolving needs.

## TELESCOPIC SLIDES

- Light/medium/heavy duty
- Self-close, soft-close, push-to-open, Li-Lo, Lock-in/Lock-out
- Partial/full extension
- Hybrid/aluminium/stainless steel slides
- Undermount slides

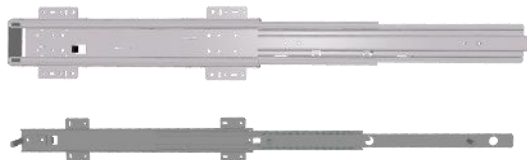

## CUSTOM-MADE SLIDES

- OEM solutions for all your business needs
- Van racking systems, metal industry, ATM machines, medical equipment, metal furniture, home/office furniture, kitchen storage, waste bin systems

## LARDER/KITCHEN UNIT SYSTEMS

- Pantry Unit - 120kg
- Pantry Unit Eco - 80kg
- Pantry Unit for a wooden cabinet

## LINEAR MOTION SYSTEMS

- Linear guides
- Linear slides

**TOPSLIDE International**<sup>®</sup> has built a strong reputation as a trustworthy and reliable OEM Partner. Decades of engineering expertise, large-scale production capabilities, and commitment to quality have made us a preferred OEM supplier of ball bearing slides for major brands.

## Custom-made slides for all industries and applications:

- VAN RACKING SYSTEMS
- METAL INDUSTRY
- ATM MACHINES
- MEDICAL EQUIPMENT
- METAL FURNITURE
- HOME/WORK FURNITURE
- KITCHEN STORAGE
- WASTE BIN SYSTEMS
