**STUDENT TIMETABLE**

The Unregistered independent schools and out of school settings guidance 2019. It is an offence under section 96 of the Education and Skills Act 2008 to deliver 'all or substantially all' of a child's education in an unregulated education provision. The guidance suggests that if a child is not receiving education provision the rest of the time (i.e., that they are only being offered provision with an AP provider) that it would be seen as full-time education regardless of the sessions or hours.

AP providers must assure themselves that the school is arranging a full education for the child, including knowledge of the education delivered on days that they are not at the AP provider. It is important for AP providers to understand that it is their responsibility to ensure they are not providing all or substantially all the child's education in line with legislation.

To ensure the provision is operating in line with the above guidance the following questions must be answered and signed for on behalf of the main educational setting of the student named in this referral.

Does the student named in this referral have an educational timetable in place outside of the placement with FFVT/TeamSport?

**YES****NO**

Will the placement with FFVT/TeamSport form the majority of the named students educational timetable?

**YES****NO****STUDENT TIMETABLE**

Please complete the table below identifying the education the student named in this referral will access on the days not accessing the FFVT/TeamSport Provision.
