Dietary Supplement for Dogs

Properties

The formula contains biotin, amino acids, and zinc in addition to beta-carotene (provitamin A) to maintain hair colour and eyesight. Brewer's yeast is a natural source of B vitamins and many other valuable components. It is recommended for long-haired dogs, in case of dry skin, mat/breakable hair and especially dogs after the nursing period.

Directions for use

1 measure (2.5g) per 20 kg body weight / day
In case of intense hair loss and constantly dull hair, it is recommended to double the dose.
