

Ethos, Mission and Values

Our Ethos

At EDG Nursery we believe that every child is capable, curious and full of potential. We provide a nurturing and inspiring environment where children feel safe, valued and confident to explore, discover and learn.

Our approach recognises the importance of strong relationships, meaningful experiences and a carefully prepared environment that supports children's natural curiosity and development.

We value each child as an individual and support them to develop independence, creativity and a lifelong love of learning.

Our Mission

Our mission is to provide a high-quality early year's experience where children feel secure, respected and supported to reach their full potential.

We aim to create an environment where children can learn through exploration, play and meaningful interactions, while building strong partnerships with families and the wider community.

Through thoughtful practice and reflective teaching, we support children's learning, wellbeing and development in a way that respects their individuality.

Our Values

At EDG Nursery our values guide everything we do:

Child-centred practice

Children's wellbeing, interests and development are at the heart of our practice.

Respect and inclusion

We value diversity and create an environment where every child and family feels welcomed and respected.

Strong relationships

We build trusting partnerships with children, families and colleagues to support each child's learning journey.

Curiosity and exploration

We encourage children to ask questions, investigate and explore the world around them.

Professional reflection

We continuously reflect on our practice to ensure we provide the highest quality care and education.
