Transport to the School of Influenza & WHO Bioinformatics workshop

From OPTIONS XII, located at the Brisbane Convention & Exhibition Centre (BCEC), the following travel options are available.

For getting to The University of Queensland from the BCEC

From the BCEC, the multiple transport options to the University of Queensland include public transport, taxi services, cycling, and driving with onsite parking.

Cycling

Cycling is also an option, though please be mindful of Queensland road rules and safety. Queensland law requires riders to always wear a bicycle helmet. Fines for not wearing a helmet are \$161. For further information, please see below the Queensland Government's 'Bicycle Road Rules and Safety' and 'Bicycle Riding Rules and Fines'.

Public Transport

The Brisbane public transport network, Translink, is funded by the Queensland Government and provides multiple modes of transport in and around South East Queensland (SEQ). As of the 5th August, public transport fares have been reduced to a \$0.50 flat rate across all zones and modes of public transport across the Translink Network. Airtrain fares (the train from Brisbane Airport) will be reduced from \$10.95. **You can pre-plan your journey using the TransLink Journey Planner website:**

<https://jp.translink.com.au/plan-your-journey/journey-planner>

<h3>Physical Tickets</h3> <p>Physical tickets can be purchased at ticket offices or ticket machines located at main transport hubs. If using the ferry, it is recommended that you bring cash or payment as not all ferry terminals have ticket machines.</p> 	<h3>Go Cards</h3> <p>Go Cards act as an electronic ticket that enable convenient travel on trains, buses, and ferries. To use a Go Card, you hold it against the Go Card sensor.</p> <p>The Go Card reader will display a green light and hear one beep, or a written notice stating your available Go Card balance.</p> 
<h3>Contactless Payment</h3> <p>Using contactless payment methods (digital wallets, Visa, Mastercard, etc) is starting to be installed across the SEQ transport network.</p> <p>However, this is not guaranteed as a readily available option and as such, not recommended.</p> 	<p>At train stations, these sensors will be located on the platform. On buses and ferries, the sensor will be located onboard.</p> <p>Retailer locations for purchasing a Go Card can be found using the following link. Simply enter your location and multiple retailers will be provided.</p> <p>https://translink.com.au/tickets-and-fares/go-card/locations</p> <p>Please note: Go Cards do not work outside of SEQ Translink network (e.g. Gold Coast, Melbourne).</p>
