COURSE DESCRIPTION

This course will develop your skills and knowledge for life and work, and give you an understanding of the workplace in Humanities subject-based careers. You will learn by taking part in hands-on projects, creative challenges and industry-style tasks that bring the creative workplace to life. Along the way, you will develop core skills that employers value. As a group, you will plan your project, carry out your project, review your progress and adapt just like creative professionals do. Reflection is built in at every stage, helping you recognise your strengths and grow in confidence.
