

# COMMUNICATING THROUGH LINGOFOOT

## LANGUAGES - CONFIDENT INDIVIDUALS

### FRENCH MEETS FOOTBALL!

The main aim of this course is to develop the skills and confidence needed to use French in football contexts. You will take part in a mix of classroom learning and practical PE sessions, learning French linked to football, fitness and teamwork.

You will research French football teams, learn about the geography of France, and learn how to describe players and teams, including men's and women's football. Working with PE, you will train and play football using French vocabulary and instructions.

You will be supported as you develop your language skills and will take part in a national competition, presenting your own French football project.

### SKILLS FOCUS

COMMUNICATING

COLLABORATING

LEADING

CURIOSITY

CREATIVITY

CRITICAL THINKING

INITIATIVE

ADAPTING

### LEARNING INTENTION, SUCCESS CRITERIA & CAREER OPPORTUNITIES

#### Learning Intentions

I will:

- improve my communication by using clear and accurate French in the context of football and fitness
- develop my critical thinking by making links between language, sport and geography.
- demonstrate leadership and collaboration by working confidently with others during team tasks, training activities and group projects.

#### Success Criteria

I can:

- communicate clearly in French giving instructions, counting, and describing players.
- participate confidently in team and group activities, using French to collaborate and support others.
- show curiosity and initiative to research and present information about French football teams, players, and locations in an interesting and creative way.

#### Career Opportunities

- Professional footballer or coach
- Sports analyst or commentator
- PE or Modern Languages teacher
- Sports journalism or media presenter

#### The Four Capacities
