

CREATIVITY THROUGH LINGO LEADERS

LANGUAGES - CONFIDENT INDIVIDUALS

INTERESTED IN A CAREER IN TEACHING? USE YOUR LANGUAGE SKILLS TO GAIN WORK EXPERIENCE IN A PRIMARY

The main aim of this WAO is to help you develop a wide range of employability skills including organisation, communication and creativity. Our partners at Strathclyde University will join us to help you develop an understanding of the key components of a language lesson and how to plan engaging lessons. You will then have the opportunity to plan and create resources before visiting local primary schools to deliver lessons in French, German or Spanish.

This is much more than teaching - it is a programme which connects you to our cluster primary schools where you will be role models to younger pupils while bringing our community together through a love of languages. It is a real privilege.
