

# Noise at Work Regulations

**Is your business compliant?**

The Noise at Work Regulations require all employers to assess the exposure of their employees to noise.

Failure to comply with the regulations could result in serious injury to staff and expose management to prosecution.

**Are you compliant?**

## Professional Service

Our friendly experts are here to help you keep your staff safe and fulfill your legal obligations

## Exceptional Value

We offer the best rates for a full assessment of noise exposure in the workplace

## Full Support

We can provide support and guidance for any changes needed to ensure compliance with the Regulations

## Clear Reporting

Our reports are technically compliant, easy to understand, and are easily actionable.
