Notes	<p>Pensioner income excludes benefits.</p> <p>Data from the Department of Work and Pensions (Pensioners' Income Series) categorises pensioners into 3 Age Bands and two "pensioner unit" categories (couple and single) with a further split by sex for the single pensioner category. 2011 Census count data for household composition and age by sex are used to estimate the number of pensioners by age band and pensioner type in line with the DPW data.</p>
