Dear Director,

### National e-Learning Offer: e-Sgoil Evening Study Support Webinars

Registration for the 2024/25 National e-Learning Offer Evening Study Support programme is now open. This Scottish Government funded provision is focussed on delivering equitable access to all Senior Phase learners and is completely free. e-Sgoil would appreciate your assistance in disseminating information about the programme to all secondary schools in your local authority area.

Study Support comprises live, interactive webinars and are delivered by experienced, GTCS registered teachers. In excess of 50 different webinars are on offer each week during term time, covering the most popular curricular areas as well as an extensive range of other subjects.

Last session, almost all learners attending Evening Webinars rated the overall quality of their experience as excellent.

- Further information on how to access the service can be found [here](#).
- Resources for schools to print and share can be [accessed here](#).

Should it be helpful, e-Sgoil would be able to provide detailed data in regard to the number of learner/subject registrations from your local authority/schools. This can be provided retrospectively for session 2023/24 as well as for session 2024/25.

Yours faithfully,

Mr Donald A Macleod
