

Dear Parent/Carer

Additional Assessment In-service Days for Secondary Schools

The Scottish Government has given all secondary schools in Scotland an additional two In-service days to allow staff time to work together on the assessment and quality assurance of pupils' evidence of attainment, in light of the cancellation of SQA examinations for 2021.

We always endeavour to align In-service days with other local authorities across Forth Valley in the interest of consistency and convenience for parents/carers. However given the short notice and the fact that each individual authority is working to their own timescales, it has not been possible on this occasion.

The two In-service days in Falkirk Secondary Schools will take place on Monday 7th and Tuesday 8th June 2021.

Further information regarding the Alternative Certification Model will be sent to parents/carers directly from their school.

Kind Regards

DAVID MACKAY
Head of Education
Falkirk Council
