

Dear Parent/Carer,

It has been good to see our young people back in school after the February break. Please see an update on a number of matters below:

School Transport Consultation

Falkirk Council continue to consult on proposed changes to home-school transport. Further information and access to the consultation can be gained via the link below:

<https://t.co/BCLQh3JGXI>

Children's Services are hosting an additional public meeting to discuss the proposal to change home-to-school transport entitlement at Braes High School on 21st February at 6:30pm. All are welcome.

Education Scotland STEM Nation Award

It has been pleasing to see the hard work of the Braes school community in the areas of Science, Technology and Mathematics being recognised by Education Scotland's STEM Nation Award. This award recognises the school's commitment to leadership, family learning, employability, partnership working, learner pathways and equity and equality in STEM. Well done to all our young people, staff and parent/carers contributors in this area!

Turkey-Syria Earthquake Appeal

Braes pupils are in the process of organising fundraising activities to contribute to the Turkey-Syria Earthquake Appeal. Further details will be shared with pupils and parents/carers shortly.

Again, I would thank Braes parents/carers for your ongoing support of your young people and the school.

Yours faithfully,

Iain Livingstone
