

Good afternoon

As from Tuesday 8<sup>th</sup> March at 10:30 Pallet Plus Ltd, will open its doors at Crossways for donations for the people of Ukraine.

As you are aware there are terrible things going on in eastern Europe and we all feel a little bit powerless to help.

Along with our industry partners we now can collect goods that can be transported to the bordering countries of Ukraine.

We are looking for packaged goods that are either;

- Medical (dressings bandage first aid kits etc.)
- Electrical (Torches Batteries etc.)
- Clothing (blankets baby clothes soft toys etc.)
- Sanitary Products Nappies etc.

The process of sending the goods will be made much quicker if the goods are boxed and clearly labelled with the contents. We are open from 10:30-14:00.

Anything you can do will help and the local news outlets have also been informed.  
Let's hope we all can make a positive difference for these people.

Best regards,

Mark Campbell  
Depot Manager
