Dolvit® Junior

Tablets for dogs

Vitamins and Macronutrients (calcium - phosphorus) Oyster Shells

90 mini tablets

Dietary Supplement for Small Dog Breeds

Properties

Dolvit® Junior contains a set of vitamins and is additionally enriched with micro and well-balanced macronutrients (calcium and phosphorus) to maintain overall condition, shape, proper bone growth and coat quality. It is recommended to administer the formula as a supplementation with macro and micronutrients as well as vitamins throughout the whole growing period, starting from the 3rd week of life to maintain healthier growing young dogs. Suitable for small dog breeds.

Directions for use

1 tablet per 3 kg body weight / day
