YOUR WEDDING

We have assembled a first-class team of dedicated professionals to support you in realising the day of your dreams.

Let your imagination run wild.

YOUR CHOICE OF CEREMONY

THE ORANGERY

The 18th Century orangery with its Cotswold stone roof and huge arch windows is a wonderfully romantic place to tie the knot.

In the event of bad weather, the ceremony can be held under the awning of the marquee.

BLESSING UNDER THE LIME TREE

Imagine exchanging your vows under the boughs of a 400-year-old lime tree. 200 guests can be seated comfortably outside with the beautiful Jacobean façade of the house in the background. It is a dreamy way to start your life together.

CHURCH WEDDING

For those of you who are looking for a traditional church wedding, the charming church of St Mary the Virgin is in the village of Marshfield only 10 minutes away. It can seat 200.

THE CELEBRATION

No better place to celebrate with champagne and canapes than Hamswell House's amazing terrace. It has breath-taking panoramic views over the Cotswolds Area of Natural Beauty. On a clear day, you can even see the White Horse at Westbury 20 miles away.

When you are ready, explore the garden. At every turn you come across amazing features such as the pergola with the 200-year-old wisteria, the Monk's Window and the Knot Garden. Then stroll along the 18th Century ornamental canal with its Neptune fountain and clusters of waterlilies. The garden is a photographer's playground perfect for capturing striking Instagrammable images of your special day.

THE PARTY

After drinks and canapes, the bespoke marquee provides the perfect ambience for the party of a lifetime. You have had the day before for set-up and styling, so it is exactly as you want it.

Our recommended caterers will serve you whatever you desire. And as we do not charge corkage, the champagne and wine can flow without breaking the bank.

As night draws in, the twinkling stars above the dancefloor light up, so do the festoons around the marquee, the lanterns on the terrace and the soft floodlights on the main house and the Neptune fountain. The band strikes up... It is time for the first dance...
