SAFETY & MANIFESTATION

Glazing Safety Manifestation - Dots or Squares

Compliant Glazing Manifestations for Safety & Accessibility

High Performance Window Films' **Glazing Safety Manifestations** provide a **neat, unobtrusive, and effective solution** for ensuring compliance with **building safety regulations**. These pre-designed **dots or squares** allow for uniform application across multiple departments and buildings, maintaining a consistent look while meeting essential safety standards.

Compliant with **Building Regulations Approved Document M (Section 2.24)** and the **HSE Workplace (Health, Safety and Welfare) Regulations 1992 – Regulation 14**, these manifestations enhance **visibility and safety** in glazed areas to prevent accidental collisions.

★ FEATURES & BENEFITS

◆ Key Features:

- ✓ Pre-cut **dots or squares** in a consistent pattern
- ✓ Quick, retro-fit installation
- ✓ Enhances glass visibility for safety
- ✓ Helps comply with **UK building regulations**

★ Key Benefits:

- ✓ Meets **safety standards** for glass doors and partitions
- ✓ Reduces the risk of accidents by making glass more visible
- ✓ Available in **various spacing configurations** to suit aesthetic and compliance needs
- ✓ Can be used in combination with privacy or decorative films

Where to Use:

-  **Commercial & Office Buildings** – Ensure compliance with safety regulations.
-  **Healthcare Facilities** – Improve patient and staff safety in glazed areas.
-  **Public Buildings & Schools** – Enhance accessibility and reduce hazards.
-  **Retail Spaces** – Improve storefront safety while maintaining aesthetics.
