NOTE  
Purewater sectional tanks must be fully supported on a flat, level & continuous foundation which provides structural support to the tank when full to maximum capacity. It is essential that the installer and/or user refers to the conditions of the installation document prior to the installation of the tank. Under no circumstances should any part of the tank structure be used to provide support to pipework and/or any ancillary items.

ALL DIMENSIONS +/- 5mm  
UNLESS OTHERWISE STATED
