# RodeVit® Gastro

Gut Function and Digestion  
Immune Support

60 g

#### Dietary Supplement for Rodents and Rabbits

##### Properties

RodeVit® Gastro is highly recommended to maintain healthy digestion and to support the positive natural intestinal flora to repopulate itself in case of infection, medications, poor nutrition, stress or toxins. The formula components: probiotic, beta-glucan, mannan-oligosaccharides (MOS) and herbal mixture are well known to regulate digestive process and to support the immune system. Suitable for rodents and rabbits of all ages.

##### How to apply

Rabbits, pet cavies - 2-3 measures (4-6g) daily with feed.

Hamsters, rats and other small rodents - 0.5-1 measure (1-2g) daily with feed.

The formula can be administered by coating a moist fruit or vegetable in it.

If necessary, the formula should be administered in pulp form with a syringe or spoon. For this purpose, mix the powder with water in a ratio 1:2 (1 measure of powder per 2 measures of water) or in a larger amount of water.
