RELATIONSHIP BETWEEN ORDERS CONTAINED IN THIS YEAR BOOK

Building Together

Building Together is a single strategy that combines the Craft Members' Pathway and the Royal Arch Archway. It gives a harmonised framework to help Lodges and Chapters review, plan, attract, engage and retain members.

It is designed to strengthen our Lodges and Chapters, make meetings more enjoyable, and encourage sustainable growth. The strategy is based on five Hubs:

SHAPE *(Review & Plan)*

ATTRACT *(Attract Members)*

ENGAGE *(Support the New Member / Continued Support)*

RESPOND *(Alternative Futures / Efficiencies)*

CONTINUE *(Attracting Future Companions / Promoting Your Chapter)*

The Toolkits enable you to work on specific areas relevant to your Lodge or Chapter.

For detailed information log onto https://solomon.ugle.org.uk/, select 'BuildingTogether', then Quick Start Guide or scan the QR code.

P.G.M.'s Address

Brethren, I am delighted to once again address you at Provincial Grand Lodge this afternoon. It is so gratifying to see so many of you here today supporting the Province and I do hope that you have all enjoyed the meeting with the slight tweaks that we have introduced. Certainly, I am glad to report that the weather is slightly better than when we are usually here!

Today we have a new format for our meeting and will shortly move to The Penventon for our post meeting lunch. I believe that it will provide a better solution and indeed from the bookings we have received, it seems to be popular with the membership. It is wonderful to have nearly 250 dining today.

It is now some 4 years since my appointment as your Provincial Grand Master, and it is difficult to understand where that time has gone.

Freemasonry, both nationally and within this Province, continues to face challenging times but equally I do believe they are also exciting times, and I thank you all for your hard work, support and commitment to both this Province and to your own lodges.

I have already introduced to you, individually, our distinguished guests, many of whom have travelled considerable distances to be with us today.

I am very grateful to all of them for the support they have given to our Province and once again I thank them all most sincerely. Your attendance and support are very much appreciated.

I would like to offer my congratulations once again to all those who I have had the pleasure of investing this afternoon, either as a first appointment or as a promotion.

It is a well-deserved reward for what you have achieved in your Masonic career within the Province of Cornwall, but it is also, importantly, an expectation of the further achievements that we expect from you in the forthcoming years.

To those brethren that I have appointed to an active rank this afternoon I say this, it is a wonderful year and will pass all too quickly. Please do make the most of your time as an active Provincial Officer, you will have a very special year and make some wonderful friendships but all too quickly you will find the year has passed and you are back here, handing your collars on.

I also extend my particular congratulations to the four brethren who have today received my Certificate of Service to Freemasonry. Your achievements over many years are such that the honour received today is just reward for everything you have done.

Brethren, some members of the Executive and the semi-permanent officers have stood down today having served the province tirelessly for many years.

I would particularly like to mention W Bro Simon Copas, who has served as the Provincial Grand Secretary for the last 3 years and before which he served as Assistant Secretary for a further 5 years.

We are all indebted to Simon for everything that he has done for Freemasonry in Cornwall, for all his hard

work on our behalf and I would personally thank Simon for your valued support. Thank you, Simon.

W Bro Andrew Deacon will also be standing down as the Provincial Grand Registrar after 10 years in office. I doubt many of us have any idea of the work of the Provincial Registrar, which is not only to provide legal advice to the province but to also advise on disciplinary matters and I'm sorry to say that Andrew has been kept too busy at various times. Again, I am very grateful to him for his counsel and support.

W Bro Phil Venning will today stand down as Prov DGDC after having served for 4 years. I know that Phil will be sad to relinquish his wand, but he continues in his very important role as our Provincial Mentor. Phil, once again thank you for your commitment to our Province.

I must also once again express my thanks and appreciation to my DPGM and my APGM's whom I have been delighted to reappoint today. Their support, advice and guidance are invaluable to me and their hard work and commitment to our Province is an example to us all.

Brethren, I offer my congratulations to the following brethren who are due to receive an appointment to or a promotion in Grand Lodge later this month.

In Grand Lodge the first appointments are.

W Bro Darren Stephens, my APGM to PJGD

W Bro Jeremy Squibb, my ProvGTreasurer to PAGDC

and W Bro Tim Cocking my ProvGAlmoner to PAGDC

The promotions are.

W Bro Michael Pritchard, my DPGM to PGSwdB and who becomes a VW Brother and

W Bro Robin Webb of Tregenna Lodge 1272 and a former ProvGDC of our Province to PJGD

In Supreme Grand Chapter first appointments are.

E Comp Jeremy Bonner of St Martins Chapter 510 to PGStdB

E Comp David Leaity of Mount Edgcumbe Chapter 496 to PGStdB

At the last count there are some 50 brethren travelling to Grand Lodge to support me and these brethren receiving honours and I'm confident that we will once again all enjoy a very special few days in London.

Brethren, our very best wishes and congratulations to you all.

At the end of last year, we launched our new Provincial website following a huge amount of work by W Bro Mike Pritchard and his team. At the same time, we also upgraded our Provincial emails and IT systems, and I am proud to say that we now have a website to be proud of and one that attracts a great deal of attention from those interested in joining our order. We also have safeguarded our IT with a modern fit for purpose system.

These updates have greatly improved the efficiency of our secretariat and Executive and have also resulted in a reduction of our IT costs which is of course to everyone's benefit.

Brethren, at the end of November last year, I was delighted to launch my new charitable appeal – Rezum for Cornwall. To raise £50,000 to purchase a Rezum machine for the urology department at Treliske. To provide this essential piece of equipment for our community and to improve men's health and wellbeing.

Last month, those of you who attended Cornish Masters Lodge would have heard a very interesting explanation of the use of the Rezum machine from 2 of the Consultant urologists at Treliske and this presentation only served to strengthen the support of the appeal.

The response to this appeal has been truly astonishing and once again I am humbled by your generosity. I know that it is something that we can all relate to and I am sure that with your continued support, we will be able to reach the target within the set period.

The retiring collection today will be for my Rezum Appeal, and I would ask you all to please complete

and fill in the envelope on your chairs and hand them to the Stewards on the doors when retiring.

We have for a number of years had our Light Blue group in the Province – The Trelawny Light Blues who have undertaken much hard work in encouraging the involvement of our newer members, organized visiting and generally assisted the Provincial team. In line with Building Together, it is now encouraged that this group be made open to our Companions from the Royal Arch who have not as yet passed through the Principals chairs and I hope that we will see a growth in the numbers taking advantage of belonging to this group.

I am delighted to see evidence today of all our orders working more closely together with the Provincial Grand Directors of Ceremony for both the Royal Arch and the Mark assisting in today's ceremony.

Brethren, Portal has now been rolled out within the Province for over 12 months, and I would again urge each and every one of you that hasn't, to log in and register as soon as possible.

Portal is a wonderful tool, allowing members to manage their own masonic information and giving you a huge amount of information about your lodges and their membership. It also allows you quick access to Soloman and Building Together. It will be further expanded in due course to provide even more valuable information and links.

There are Provincial Stewards and members of the Trelawny Light Blues set up within the changing rooms who can and will register you.

Registration will literally take you 5 minutes, so those of you who brought your phones into PGL, still have plenty of time to register before I finish speaking!

Your Lodges will also shortly receive information from the Province regarding PSA testing planned for this Autumn. Whilst you might happily ignore most of the emails that you receive from us, do not ignore this one as it could just save your life!

My Provincial Almoner W Bro Tim Cockings has once again arranged with The Chestnut Appeal to offer PSA testing to all our brethren at 4 sites in September. These will again be at Hayle, St Austell, Liskeard and Saltash and booking will be available very soon.

It really is a win, win situation – last year, having tested well over 200 members we helped to identify over 30 members who needed further treatment and also raised £9000 for the Chestnut Appeal.

Brethren, remember - Prostate cancer will affect 1 in 8 men – that's over 50 of us here in this room today and remember 1 man dies from Prostate cancer every 45 minutes!

Please make sure that you all register and spread the word amongst your fellow brethren. It could be the best decision you ever make.

Brethren, over the past 4 weeks, there have been 3 presentations made within the province showcasing "Building Together" and the extensive tools that are now available to Lodges to assist them to grow and maintain their memberships.

These presentations were made in Newquay, Hayle and Launceston and I'm pleased to confirm that the vast majority of both our Craft Lodges and Royal Arch Chapters were represented.

If for whatever reason your unit was not able to attend, please do contact the Provincial Membership Team.

The Building Together Team, under the supervision of VW Bro David Leaity will now continue the role-out as required to individual units with more specific and individual advice.

We all have a major role to play in securing the future growth and stability of our Order, our mission being to make sure that we are a thriving organization, one that people are willing to be part of and one in which those who join are willing to participate.

You will have heard me on many occasions, enjoin you to enjoy your Freemasonry and I still believe that this is one of the most important messages that we can pass on to our members and prospective candidates.

It is important that we retain our core values, our rituals and our traditions but in doing so we must have fun and be ready and willing to tell everybody of the fun and enjoyment we all experience.

Brethren, we have exciting times to look forward to, but we also have much hard work to do.

Brethren, my thanks today must go to W Bro's Eugene Clemence and Mark Leah and the staff of Redruth School for the use of these premises. To the extensive team for their hard work in setting up and taking down Provincial Grand Lodge and to the members of our light blues club The Trelawny Light Blues and The Robert Eliot Lodge for all their help this weekend.

To the Redruth Lodges, Druid's Lodge of Love and Liberality 589, St Euny Lodge 6025 and Trevithick Lodge 9339 for inviting us to meet under their banners today.

I would also like to thank my Provincial Grand Secretary and my Provincial Grand Director of Ceremonies and their teams and to Cheryl Libby and Ian Henwood in the Provincial Office for all their hard work in preparing for and running today's meeting.

Brethren, I thank you once again for your support today and look forward to meeting with many of you during lunch at The Penventon. For those of you not dining I wish you all a very safe journey home.

Like all successful organisations, the Province and Freemasonry itself must strive for continuous and forward thinking improvement in our people and processes. Mentoring is no exception. To this end, the Province continues to develop the Mentoring Policy, which will allow clarity of purpose for all Brethren in the Province. Training sessions are being delivered, allowing all Brethren the opportunity to develop their own mentoring skills and Masonic knowledge; these are open to all especially those interested in developing their mentoring skills and the Membership Pathway as a whole.

The Mentoring processes will be delivered and facilitated by the Provincial Grand Mentor aided by other members of the Membership Pathway team, thus allowing full support to all individual Lodge Mentors and their Lodges.

The objective is to take what is best of the existing Provincial Mentoring scheme and expertise and, where appropriate, extend its delivery to Brethren using an assigned Mentor, with the co-ordination and support of the Lodge Mentor. This, combined with a more consistent approach to delivery and a higher visibility of the mentoring process itself, is anticipated to re-enforce that which is already in the DNA of all Brethren – simply being a good Brother and Freemason.

Let us all remember the short passage in the 'Address to the Brethren'
"I therefore trust that we should have but one aim in view ……To please each other
and unite in the grand design of being happy and communicating happiness"

PROVINCIAL GRAND MEMBERSHIP OFFICER

W.Bro Philip J. Williams
ProvGMO, ProvJGD
95 Whealrose, Porthleven, Helston TR13 9AT
Mob: 07779 016675 Email: membership@pglcornwall.org.uk

The role of the Provincial Grand Membership Officer is part of the recommendations from UGLE's Membership Focus Group. The aim is to address the Membership Challenge by encouraging Lodges to adopt the Building Together framework. This will include helping Lodges to develop and implement a membership strategy, with a view to attract suitable candidates, improve retention rates and encourage engagement with current members.

The Provincial Grand Membership Officer will help identify, advise and share 'best practice' via the implementation of the UGLE Members Pathway. This will include promoting a more positive 'what if' philosophy to lodge planning, attracting new members, engaging with existing members and retrieval of members who no longer attend. The Provincial Membership Officer will work closely with the Provincial Grand Mentor and Provincial Grand Communications Officer as well as the Executive to ensure a coherent and cohesive message is adopted by all the Lodges, making Freemasonry more visible whilst forging stronger connections in the community The primary objective is to stimulate new membership as well as ensuring the current members enjoy their Freemasonry to reduce the controllable losses which is expected to have a positive impact for the future growth of Freemasonry within the Province of Cornwall.

The Provincial Grand Membership Officer will also act as the primary contact for 'non-sponsored' potential members. This is intended to provide an opportunity for men who currently have no Masonic connections to find out more about Freemasonry in general.

MEMBERSHIP KEY POINTS

The Membership Officer will liaise with Lodges in promoting Freemasonry in Cornwall:

- To help identify the characteristics of all Lodges and ensure each potential candidate would be the type of person that would fit. To communicate the need to introduce suitable candidates and keep recruitment high on Lodge agendas.
- To review, in conjunction with a Lodge committee, the recruitment activities of the Lodge: Examples include, introducing non-Masons to social events, open evenings, white table events, family events and activities within the local communities such as volunteering, and supporting local charities.
- To review the process of interviewing a potential candidate and ensure Lodges adapt a suitable Q & A process. To make known to Members the process of introducing potential candidates and visitors to the Lodge.
- To assist the Proposer and Seconder in the initial preparation of the prospective candidates. • To liaise with the Candidate between the Initial contact with the Lodge and his Initiation.
- To encourage greater connections within the local communities.

Hermes is designed especially for use by Lodge Secretaries/Chapter Scribes Ezra (Sec/SE), and is a new web-based application that will allow them to manage many of their administrative processes electronically and reduce the number of physical forms to be completed. Once the user, has logged in to Hermes, they will be able to see all of the data pertaining to their Lodge/Chapter. If you are a Sec/SE of another unit, you will be given a separate login for each of them. The data managed in Hermes will be held in the database and also shown in ADelphi, which is used by Metropolitan, Provinces, Districts and UGLE/SGC.

• **'Home' -** This is the first screen you see when logging in to Hermes.

• **'Member Management'** - This is where you access 'Current Members', 'Past Members', 'Joining Members' and 'Degree by Request'

• **'Lodge Management**' - This is where you access 'Lodge Information', 'Lodge Officers', 'Dispensations', 'Annual Return' and 'Maintain Historical Installation Returns'.

• **'Meeting Management'** - This is where you set up your 'Agenda' for an upcoming meeting or complete your 'Post-Meeting Report' after a meeting.

CANDIDATES.
It is essential that in the case of every candidate for initiation, joining or rejoining, the particulars required by Rule 164, Book of Constitutions, must appear in the Summons for the meeting at which the ballot is to take place. They should be given in the order shown in the Rule, as follows:-
a) Full name.
b) Age.
c) Profession or occupation. (It is not sufficient merely to state Civil Servant, Local Government Officer, Administrative Officer, Clerk etc. the address where employed or the employer's name and address should be supplied)
d) Place or places of abode.

The age need not be given in the case of candidates for joining or re-joining
Proposal forms must be read by the secretary in Open Lodge before the ballot takes place.
A printed copy of the By-Laws of the Lodge must be given to every Brother when he becomes a Member. (B.C. 138). By resolution of Grand Lodge, Masters of Lodges are enjoined to see that every newly initiated Brother is put in possession of an up to date copy of the Book of Constitutions and booklets "Information for the Guidance of Members of the Craft," and "Information on Masonic Charities."
The words "Provisions of Rule 158 B.C. fully complied with," should follow the name and particulars of a candidate from another locality, in the Summons.
EMERGENCY LODGES. No Lodge of Emergency may be summoned without a dispensation being first obtained - Rule 140 B.C. Minutes must not be read or confirmed and there are no "Risings."
No candidate can be proposed or balloted for at a Lodge of Emergency, except as provided in Rule 160 B.C. A joining member cannot under any circumstances be proposed or balloted for except at a regular meeting.
NOTIFICATION OFTHE DEATH OFA BROTHER - When a secretary becomes aware of the death of a brother, he should contact his Lodge Almoner and AS SOON AS POSSIBLE contact the Provincial Office, with details of his next of kin, by email or telephone. The Province will always try where time permits to get representation at the occasion of the funeral. We also send certain notifications to the relatives.
RECEPTION OF PROVINCIAL GRAND MASTER, his DEPUTY or ASSISTANTS. After the Lodge is opened, the Tyler will request admission of the Provincial Director of Ceremonies or his Deputy or Assistant, if in attendance, who will enter the Lodge and announce the presence of the Provincial Grand Master, his Deputy or Assistant. The Lodge D.C. will then form an escort of Past Provincial Officers within the Lodge.
SALUTES. When the Provincial Grand Master, the Deputy Provincial Grand Master or an Assistant Provincial Grand Master visits the Lodge, the Master must offer him the gavel. The salutes should be as follows and in accordance with the Degree in which the Lodge is open:-

The R.W. Provincial Grand Master (incl. past)	7
The V.W. Deputy Provincial/District Grand Master (incl. past)	5
The Assistant Provincial/District Grand Master (incl. past)	5
V.W. Brethren	5
Other Grand Officers	3

The other Provincial Grand Officers - Present and Past - are entitled to 3 salutes. (The salutes to which Grand Officers are entitled, as such, in Lodges generally are prescribed in Rule 6, B.C.).
PAST MASTERS and OFFICERS' COLLARS. When the Master vacates the Chair temporarily for a Past Master to perform a ceremony the latter must not be invested with the Master's Collar but must be clothed according to his rank. Past Masters acting as Wardens and Inner Guard during the installation of a new Master should not wear the collars of those officers but be clothed according to their individual ranks. It is a tradition in this Province that no officer should wear the collar of his office until he has been invested with it and, therefore, at no time should any PM or Brother, filling an office as a substitute, wear the collar of the office he is filling, The Provincial Grand Master hopes that this tradition will be maintained.
All Past Masters, not holding higher rank, shall wear a Past Master's Collar with jewel appended, in Grand Lodge, Prov. Grand Lodge, their own or other Lodges. (B.C. 264).
INSTALLATION OF A PAST MASTER. The ceremony is taken up to the Obligation in the Board of Installed Masters, when he should be invested and installed. When a Master continues for a second year, it is only

necessary to announce that he has been re-elected. Instead of installation, he should be proclaimed once by the D.C. and proceed to invest the officers.

PROCEDURE FOR ALTERATION OF LODGE BY-LAWS. The following procedure should be adopted when the By-Laws of Private Lodges are altered. Notice of the alteration should be given in open lodge. The circular convening the next meeting, whether regular or emergency, should contain full particulars of such alteration - a statement of the nature of the alteration is insufficient. An amendment to the alterations as originally intended may be moved and adopted at this meeting. When the alteration has been passed it should be confirmed at a subsequent Meeting if the Lodge By-Laws so provide. The circular convening the confirmatory Meeting should again contain full particulars of the alterations, as passed at the previous Meeting and it should be confirmed without further amendment or rejection.

When amendments **conform substantially to the Grand Lodge Model By-Laws,** they should then be submitted to the Provincial Grand Secretary for approval by the Provincial Grand Master. In certain cases such as Change of Venue, Meeting, Election or Installation Date, and the due date of the Annual Subscription, they will also be submitted to the Grand Secretary for approval by the Grand Master (via the Provincial Grand Secretary) See Rule 136 B.C.

The existing wording and the amendment should be sent in to the Provincial Grand Secretary on the form as specified by Grand Lodge.

Where the alterations are concerned **solely** with changes in Lodge subscriptions, the approval of the M.W. Grand Master and the R.W. Provincial Grand Master are not required. Notice of the change of subscriptions having been adopted by the Lodge should be sent to the Provincial Grand Secretary for record purposes.

ENVELOPES AND POSTCARDS. The Masonic rank or title of the person addressed should never appear on the outside of any envelope, postcard or wrapper. Communications of a private nature should be sent in a sealed envelope.

RETURNS. Following the launch of Hermes the Annual Return screen is where you can review your Annual Return for both UGLE/SGC and Province. Prior to the due date you will see the dues you will be charged for but not the costs associated with them and membership records throughout the year and particularly check any R148/Reg71 cessations shortly after the end of the subscription year

TRELAWNY LIGHT BLUES

Province of Cornwall

Established in 2012, the Trelawny Light Blue Club provides a great opportunity to meet new people, share thoughts on Masonry , ask questions and become familiar with members and lodges in the Province.

As well as organising events and group visits, members also provide support groups to attend and assist with various Provincial events which are arranged throughout the year. This help supports the Province, continues to provide a good opportunity for members to get together in different settings, and also means wives and partners can make friends and socialise with like-minded individuals.

All brethren wearing light blue aprons are automatically members of the Trelawny Light Blue Club without any cost. To join the pathway to a bright and active life in Freemasonry, become involved with the Trelawny Light Blue Club

HD DRONE PHOTOGRAPHY

CAA Registered, Fully Licensed and Insured

SEE THINGS DIFFERENTLY...

Drones are amazing, but aside from taking stunning photos (having Cornwall as a backdrop does help), they can be a fantastic tool to give un-obstructed access to hard to view areas normally inaccessible.
Whether you're wanting to advertise your property for sale, apply for planning permission, have solar panels and want them thermally inspected, or need to investigate a leaky roof without the need for scaffolding. **We can help.**

- **RESIDENTIAL** - Keep a photographic record of how your property changes. Maybe throughout the year, or after a building project.
- **PLANNING** - Perfect for planning applications, progress reports and to showcase your work to future clients or buyers.
- **INSPECTIONS** - Without the need for scaffolding, we can take a 360 degree photo of hard to view areas, such as chimneys, and inspect solar panels for signs of heat loss.
- **COMMERCIAL** - What better way than visual immersive content, to grip your target audience making them feel engaged with the message you are projecting.

Lifelites

The MCF provides support for Lifelites, a charity that donates and maintains specialist technology packages for the 10,000 life-limited and disabled children Lifelites using every children's hospice service across the British Isles.

These packages help children who are often restricted by their conditions to play, be creative, communicate and control something for themselves, for as long as it is possible.Originally founded as a Masonic charitable project, Lifelites is now a well-established charity in its own right raising all its own funds. The MCF helps Lifelites by donating office premises and administrative services, meaning Lifelites can use the funds it raises on delivering life-enhancing technology.

THE HENRY MITCHELL MEMORIAL MUSEUM & THE COOMBE MASONIC LIBRARY

Freemasons' Hall, Foundry Square, Hayle. Cornwall.

Have you visited the Masonic museum and library at Hayle in Cornwall ? If not you have missed a wonderful "Masonic treat". Both are full of many items of great interest, not just to those interested in Masonic research, but also to all Freemasons. You can easily spend an hour exploring the museum and library, in particular, if you have the curator with you, and still wish that you had more time to spare. The library is filled with books, magazines and papers of enormous interest, including original letters from the great Thomas Dunckerley written in the 1700's!! If you would like to visit the museum or library, or if you have any interesting items to sell, donate or loan then please contact the curator.

Local Secretary for North & East Cornwall: Vacant. If any Brother is interested in this role, please contact W.Bro. Robert Hawke

Quatuor Coronati is the world's premier masonic research lodge. Established in 1884 and consecrated in 1886, the lodge's founders wished to advance an evidence-based approach to the study of Masonic history and research into the origins of freemasonry. Their approach was intended to replace the more imaginative writings of earlier authors and was referred to as the 'authentic school' of Masonic research.

Quatuor Coronati adopts the same principles today. We hold meetings incorporating lectures five times a year, usually at Freemasons' Hall at Great Queen Street in London; publish our lectures, other research papers, and 'notes & queries' in Ars Quatuor Coronatorum – 'AQC', the annual Transactions of the Lodge, distributed nationally and internationally; arrange conferences and symposia on different aspects of freemasonry; and share our research and encourage scholarship via QCCC - the QC Correspondence Circle – established more than 130 years ago.

Membership of QCCC is open to all.

Full details of how to join and the benefits of membership are at www.quatuorcoronati.com

Members of QCCC receive: -

A copy of AQC, published each December in hardback; An electronic copy of the Lodge Summons to the meetings; An electronic copy of Delivery Papers; Assistance with research enquiries; The right to wear the bespoke QC tie, lapel pin and UGLE-approved breast jewel; Discounts and priority booking to our conferences and events; Discounts on regalia and Masonic books; The right to participate in our research, meetings and symposia as associates of the premier lodge of masonic research.

MASONIC HOUSING ASSOCIATION

Office Suite 1, Has lemere House, Lower S treet, Has lemere, Surrey, GU27 2PE Tel: 01428 652788 www.masonichousing.co.uk

Chairman: Geoffrey Dearing

The Association provides rented accommodation of a high s tandard for those over 55 years of age who can generally lead an independent existence but would benefit by the help of a Scheme M anager in an emergency.

As every Lodge will have elderly brethren and widows who find hous e maintenance becoming more difficult and costly, every Lodge Almo-ner, Secretary and M as ter should become familiar with this alternative hou sing option, so that timely advice may be given.

MHA has 190 self-contained flats spread throughout England in five schemes:-

Hamilton Court, South Woodham F errers, Essex 01245 323743 schememanager@hamilton-court.co.uk Palmer Court, Wellingborough, Northamptonshire 01933 273140 chris@palmercourt.org.uk

Prebendal Close, Aylesbury, Buckinghamshire 01296 433511 manager@prebendalclose.o rg.uk Reading Court, Stratford-upon-Avon,

Warwickshire 01789 297301 rachel@readingcou rt.com Wilson Keys Court, Rugeley, Staffordshire 01889 576544 info@ wilsonkeyscourt.co.uk

MHA is controlled by a Board of Management under the chairmanship of Oliver Lodge. The management of each scheme is delegated to voluntary Hous e Committees whose members are nominated by the Provincial Grand M aster of the Province in which a scheme is situated. The Chairman of each House Committee s its on the MHA Board. Each s cheme is managed locally with resident involvement.

ACCOMMODATI ON

All the MHA sheltered housing schemes provide self-contained one or two person flats with a living room, kitchen and bathroom. Accommodation is under one roof, with one protected main entrance door for security, but each resident has a front door to his or her own flat within the s cheme.

The MHA Board treats personal safety and s ecurity as being of paramount importance to elderly people, so every scheme has a Scheme M anger and emergency call system.

All s chemes have a res idents' lounge and adjoining kitchen, used extens ively by the tenants and the local house committees for social functions. There are well-equipped communal laundries and a guest room where relatives can stay overnight for a very nominal charge.

Further details of each scheme can be found on our website: www.masonichousing.co.uk

Any brother who wishes to nominate a charity for consideration by the Trustees should forward details to the Provincial Grand Charity Steward by the 30th November preceding the annual meeting.

Any urgent request or requests where our objects preclude us from offering assistance or it is felt that local lodges may be able to better support, are distributed either to individual lodges or to all Lodges within the Province.

All groups who are awarded Grants are invited to the Annual Charity Giving Day to receive their award. The list of all Grants is shown within the annual accounts and is available upon request from the Provincial Office, from a Lodge Charity Steward.

Donations from individual Brethren and Lodges in support of these activities should be made payable to the "Cornwall Masonic Charitable Foundation".

The Masonic Charitable Foundation, operating as the Freemasons' Charity, the national charity of Freemasonry under the United Grand Lodge of England.

Supporting communities and building better lives

Funded entirely through the generosity of Freemasons and their families, the Freemasons' Charity is one of the largest grant-making charities in the country.

The Freemasons' Charity aims to make a positive impact in society by supporting causes and charities that help disadvantaged people, through grants to charities. It also provides short-term, support and assistance to individuals and their households following in times of crisis.

The origins of the Freemasons' Charity

A number of charities have existed within Freemasonry since the 18th century, each providing a specific type of support.

The Freemasons' Charity, established as the Masonic Charitable Foundation in 2016, brings together the work of the former charities: the Freemasons' Grand Charity, the Royal Masonic Trust for Girls and Boys, the Royal Masonic Benevolent Institution, and the Masonic Samaritan Fund.

Grants to charities

The Freemasons' Charity is tackling some of society's most important issues by awarding grants to local and national charities, and by forming partnerships with leading organisations in the sector.

These charities help hundreds of thousands of disadvantaged and vulnerable people to live happy, fulfilling lives and participate actively in society.

Funding is targeted where it is most needed, within areas Freemasons care about passionately. The current target areas are:

- Early years (0-5), with a focus on poverty and neglect
- Children affected by domestic abuse
- Children with special educational needs and disabilities

The target areas are reviewed each year to ensure grants are making the greatest possible impact.

Since it was established in 2016, the Freemasons' Charity has awarded over £65 million to charities.

For more information about our grants to charities and to find out how to apply, please visit: freemasonscharity.org.uk/grants-to-charities

3. Fundraise

Sponsorship

Sponsored events are a very popular, fun, and effective way of raising money for the Freemasons' Charity. Most events involve setting a personal challenge and then asking friends and family members to make charitable donations to encourage fundraisers to achieve their goal. Events can take many forms and can include both physical challenges, such as fun runs or endurance bike rides, and daring challenges, such as skydives or abseils. The Relief Chest Scheme provides printed

and digital sponsorship materials to make it easy for fundraisers to hit their targets.

Top tip: take the hassle out of collecting sponsorship by setting up an online fundraising page on www.freemasonry.gives

Remember to share a link to your fundraising page using email or social media and keep your friends up to date through regular posts, images or videos.

The Freemasons' Charity is registered with the fundraising regulator and is signed up to the fundraising code of practice.

If a sponsored challenge is not for you, other events can also raise money to support the Freemasons' Charity, including:

- Organise a quiz night or a raffle
- Host a dinner party, BBQ or themed event
- Arrange a social event such as an evening of music or entertainment

4. Spread the word!

Keep up to date with all the latest news from the Freemasons' Charity by registering for email updates and following on social media. Share updates with your friends and family to help more people find out about the help it provides.
