Lucaa⁺ ODOUR REMOVER

PROBIOTIC HEALTHCARE & HYGIENE FOR PETS

Safer Than Chemical Air Fresheners

LUCAA+ Pet Odour Remover is scientifically formulated to remove the root causes of unpleasant odours caused by pets. No matter how lovable, most companion animals can produce a variety of unpleasant smells...

The spray contains carefully selected, 'good' probiotic bacteria, naturally sourced from plants. These helpful probiotics clean thoroughly, gently and efficiently at a deep microbial level. They remove smells by removing the root cause in a unique, natural and organic way:

A patented deodoriser surrounds and encapsulates the molecule that is causing the odour, preventing it from making the unpleasant smell. The helpful probiotic bacteria then eat the odour molecule, treating it as an organic waste food source. This eliminates the root cause of the smell (such as bio-allergens, urine, skin dander and other pet bi-products), rather than just masking it with chemical air fresheners.

Unlike pathogenic (harmful) bacteria, the probiotic (helpful) bacteria in LUCAA+ Pet Odour Remover are odour-free.

Natural & Vegan with No Toxins or Carcinogens

Unlike chemical air fresheners, LUCAA+ Pet Odour Remover is safe and chemical-free. The spray is eco-friendly, is quickly biodegradable, contains no dyes and will not stain. It has a pleasant, natural Aloe Vera aroma.

INSTRUCTIONS

Shake before use. Spray directly onto and around the animal, their bedding and any sources of unpleasant odour.

RECOMMENDATIONS

- Do not use with products that may change effectiveness.
- Do not swallow.
- Avoid contact with eyes.
- Store in a dry place 10°C - 35°C.
- Keep out of the reach of children.

COMPOSITION

- Water
- Plant-Based Probiotic Bacteria (Auto-Active Microorganisms)
- Odour Eliminator
- pH Stabiliser
- Emulsifier (Castor Oil)
- Aloe Vera Aroma
