

Calculate the cloth size for your table

Round

For round tables you need the diameter!

Multiply the drop by 2

+

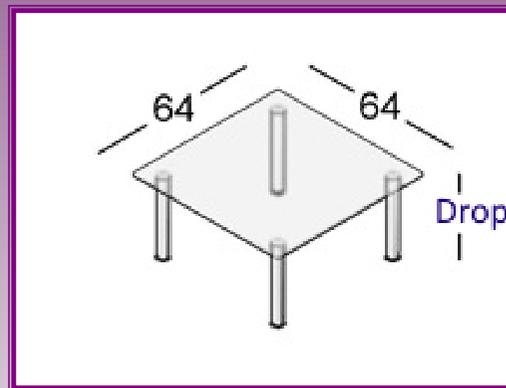

Add the diameter of the table

=

Minimum Length required

Square

For square tables you need the length.

Multiply the drop by 2

+

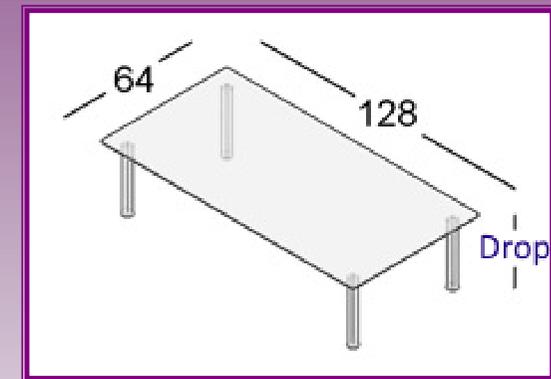

Add the diameter of the table

=

Minimum Length required

Rectangle

For rectangle tables you need the length and width

Multiply the drop by 2

+

Add the length of the table

=

Minimum Length required

Multiply the drop by 2

+

Add the width of the table

=

Minimum width required
