### Properties

Dolvet Kelp contains brown sea algae - Ascophyllum Nodosum (Norwegian kelp) rich in vitamins, amino acids and minerals as well as essential unsaturated fatty acids. Brown algae are one of the best natural sources of iodine and calcium for the body. Brown sea algae aids digestive, skeletal, circulatory and urinary systems as well as skin and coat. It helps to maintain oral hygiene in dogs and cats. The formula is completed with brewer's yeast, which improves its taste. Dolvet Kelp is a natural, valuable supplement to your pet's food.

### Instructions for use

cats and small dogs - 0,5 measure / day

medium-sized dogs - 1 measure / day

large dogs - 1,5- 2 measures / day

1 measure = 3 g

DIETARY SUPPLEMENT FOR DOGS AND CATS
