Welcome to your TRAX event planner account!

Use the navigation tabs at the top of the page to navigate in your client portal.

Home - displays your most recent event, quick notes, upcoming meetings, and the latest emails I've sent you.

My Events - lists of all of your upcoming and past events.

My Profile - this is where you can edit your contact information.

Contact - if you'd like to contact me, here's how.

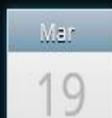

To get started planning your event click on the **Plan My Event** button!

When requesting music avoid album tracks or obscure music that most people will not have heard of. pick popular tracks that your guests will know and be able to dance to. We will endeavor to play all requests throughout the evening together with requests taken on the night but cannot guarantee to play every single request.

Regards

Nick Davies (Owner of TRAX Disco Roadshow)

TRAX EVENT PLANNING SYSTEM

Use this to plan your event by giving us more information, setting a timeline, book requests, special tracks such as the first dance, etc. In addition, the music request section was recently updated.

Please note that the Event Planner is not just there to make requests. It is for you to plan your event and give us more information.

IMPORTANT

Please set the timeline; we need to know what's happening and when this includes the entrance of Bride & Groom, cake cutting, happy birthday song, first dance and buffet, etc. Having a timeline means that we will get everything in the correct order. The planning form gives us more info. We realise that sometimes it may change on the day, but at least we know the order.

It's best to avoid stopping the music as it can ruin the mood that we have worked hard to create, so try and do any cake cutting, etc., before the first dance and time it so that the rest of the dancing starts immediately after the first dance and please stay on the dance floor for as long as you can after the first dance so that other people will join you. Don't forget that you are the centre of attention and people will follow you, so make sure you dance and don't sit outside all night as guests will join you and we will be playing to ourselves.

The screenshot shows the 'Plan My Event' interface for an event on 19/03/2024. At the top right, there is an 'Event Details' button and a printer icon next to a 'Select...' dropdown menu. Below this is the 'Access To Planning System' section, which includes a warning: 'Your planning forms will be locked at 11:59 PM on 16/03/2024. Please be sure to make your changes before this time.' The 'Manage Music' section features four buttons: 'Add Requests' (with a plus icon), 'View Requests' (with a magnifying glass icon), 'Special Requests' (with a star icon), and 'Print Requests' (with a printer icon). The 'Planning Forms' section lists two forms: 'Wedding Evening Reception' and 'Wedding Evening', each with 'Edit' and 'View' buttons.

Your login to our event planning system is in your confirmation email.

You will be able to search for tracks from the database. If the required song is not listed, click the "Add Your Own" box to add your own. For Wedding Events, there is a "Special Songs" button. This section allows you to enter specific Wedding songs such as First Dance, Father-Daughter Dance, etc.

You are allowed 50 tracks split as follows - **20 "Priority Play" tracks**. These would be the essential tracks. You then have **27 "Play If Possible Tracks"** and **3 "Dedications"**. If your event is a wedding, you can also enter **additional special tracks** such as **First Dance, Father Daughter, Last Dance, etc.**

After clicking "Add Requests", you will be presented with the following screen.

The screenshot shows the TRAX Disco Roadshow website interface. At the top left is a logo featuring a musical note with a film strip. To its right, the word "TRAX" is written in large, bold, red letters, with "Disco Roadshow" in white below it. On the top right is a "djmark award" badge with a grid of circles and the text "GOLD LEVEL Nick Davies ID 16033 valid on 18/07/2017". Below the header is a navigation menu with buttons for "Home", "My Events", "My Profile", "Contact", and "Logout". The main content area is titled "Select Your Music" and includes a "Planning Options" button. There are four tabs: "Artist", "Song", "Top Hits", and "Add Your Own". Below these is a keyboard-style grid of letters (A-Z, 0-9, #) and an "Artist" search field with a "Search" button. An "Instructions" box provides guidance on using the search and playlist features. On the right, there are "Requests" and "Special Songs" tabs. The "Requests" tab is active, showing a "Priority Play" section with a limit of 21, a "Play If Possible" section with a limit of 27, and a "Dedication" section with a limit of 3. At the bottom, it shows "Overall Limit: 50" and "Added So Far: 0".

ADD YOUR OWN

You can select music from our database or add your songs not on our database by clicking on the "Add Your Own" button and entering any song details.

Top Hits

Click the "Top Hits" button to see the following screen to get inspiration.

▼ First Dance

Artist: Elvis Presley

Song: Can't Help Falling In Love

Comments:

▶ Father Daughter Dance

▶ Mother Son Dance

▶ Parents Dance

▶ Wedding Party Dance

▶ Last Dance

This screen is great for looking at ideas for your special wedding dances. First click on the top right corner, "Special Songs." Before selecting any songs.

PLEASE DO NOT LEAVE THIS TO THE LAST MINUTE, AS YOU WILL BE LOCKED OUT 3 DAYS BEFORE YOUR EVENT.

Please Note That music requests are considered where appropriate to the mood of the event and cannot be guaranteed.

If you have any other questions, please call or email me. I look forward to working with you, and I know you'll be happy you chose TRAX Disco Roadshow!

Kind Regards

Nick Davies - DJ & Proprietor
